This book covers it's topic  
E-Commerce very well. It  
also takes advantage of the  
new features found in  
ASP.Net 2.0 including some

# Access Free Beginning Asp 2 0 Ecommerce In C 2005

From the new ADO To features. If you are getting ready to setup an E-Commerce site I highly recommend this book. I also recommend it for beginning developers wanting to know more about ADO and database design.
