The text explores how equitable collaboration entails ongoing processes that begin with families and communities, transform power, build reciprocity and agency, and foster collective capacity through collective inquiry.

Just Schools: Building Equitable Collaborations with ...

The family provides physical, social, intellectual, spiritual and emotional environments. In the early growing years, the home environment has the greatest influence on the child's development. The culture of the family, the physical space wherein the family operates, plus routines, interests, skills, family outreach, and interpretations of events provide parameters for what children will learn.
