Henri Poincaré : A Scientific Biography by Jeremy Gray Henri Poincaré, in full Jules Henri Poincaré, (born April 29, 1854, Nancy, France—died July 17, 1912, Paris), French mathematician, one of the greatest mathematicians and mathematical physicists at the end of 19th century. He made a series of profound innovations in geometry, the theory of differential equations, electromagnetism, topology, and the philosophy of mathematics.

Henri Poincaré | French mathematician | Britannica Poincaré was a scientist preoccupied by many aspects of mathematics, physics and philosophy, and he is often described as the last universalist in mathematics. He made contributions to numerous branches of mathematics, celestial mechanics, fluid mechanics, the special theory of relativity and the philosophy of science.

Henri Poincaré (1854 - 1912) - Biography - MacTutor ... Henri Poincaré: A Scientific Biography is a welcome addition to the historiography of science. We have our biographies of political figures, activists, and literati but there is less material on scientists. This book makes a contribution by examining the life of an important scientist. Poincaré was of course more than a scientist.

Henri Poincaré: A Scientific Biography. - Free Online Library A Scientific Biography Jeremy Gray Princeton University Press, 2013 248 pp., US\$16.55 ISBN-13: 978-0691151007 I think I can say, without fear of contradiction, that it takes a brave mathematician to write a scientific biography of Poincaré.
