1.0 DEFINITION OF PIPING

ENGINEERING 1.1 PIPING

ENGINEERING GOAL Piping

Engineering is a discipline that is rarely taught in a university setting, but is extremely important for the

Get Free Piping And Pipeline Engineering

safety of plant personnel,
safety of the public, and
reliability of a facility.

The Goal of Piping

Engineering is: ASSURE A
PIPING SYSTEM IS SPECIFIED
AND DESIGNED

Get Free Piping And Pipeline Engineering

Introduction to Piping Engineering

In many engineering organizations a piping discipline is organized into two groups, namely piping engineering and piping design. The engineering

Get Free Piping And Pipeline Engineering

group is mainly involved with piping material specifications, piping materials and stress analysis whereas the design group is involved with plant layout, equipment layout and piping layout.
