The Q source (also called Q document, Q Gospel, or Q from German: Quelle, meaning "source") is a hypothetical written collection of primarily Jesus ' sayings (logia). Q is part of the common material found in the Gospels of Matthew and Luke but not in the Gospel of Mark. According to this hypothesis, this material was drawn from the early Church's oral tradition.

The statement at the top and bottom is a summation of what a QA brings to the project, the mindset of "Are we building the correct product and, if so, are we building it correctly?". A person in this role is someone who consistently questions all parts of the process to ensure the team is producing the desired output.

Where the electric field is constant (i.e. not a function of displacement, *r*), the work equation simplifies to:

W
=
Q
(
E
⋅

r

)
=
F

E

⋅

r

.

{\displaystyle W=Q (\mathbf {E} \cdot \,\mathbf {r})=\mathbf {F_ {E}} \cdot \,\mathbf {r} }

 or 'force times distance' (times the cosine of the angle between them).

If your employees can feasibly work from home, operations can continue. If you do let your employees continue to work from home, you should ensure you pay them as normal. On the other hand, if it's not possible for employees to work from home, staff can be laid off on no pay if you have a contractual clause to that effect.
